

The NHS Welsh Sustainability Conference and Awards 2024

On the 13th of June 2024, the first national NHS Welsh Sustainability Conference and Awards ceremony was held to celebrate sustainability across NHS Wales.

The team behind the Greener Primary Care Wales Framework and Award Scheme were delighted to win the 'Healthier Wales' award at the ceremony, with the award categories being centred around the well-being goals of the [Well-being of Future Generations Act](#). This particular award recognises those working directly with patients to improve health outcomes, with the benefits being measured in positive outcomes for patients, staff, or community groups.

Below is an image of members of the Greener Primary Care Wales team with their 'Healthier Wales Award' at the NHS Sustainability Awards Ceremony.
